**Any other comments about our school:**

**More social events like the Circus ! School mini bus for transporting children to after school activities, especially due to working parents.**

**Mr Barnard is a fantastic head and made me feel relaxed and happy that my son was going to be ok at school due to difficult circumstances! He's now in year 1 and loving it!  
Teacher are approachable and friendly! Just would like to know more up front as to expectations for the year/meet the teacher session come end of the school year before they move up would have been great!**

**My children are very happy. Staff are very kind.**

**My child joined the school part way through the year, was made to feel very welcome and settled quickly. We are very happy with choice we have made.**

**Both my children have been at this school and I would strongly recommend it to any parent!**

**The school welcomes parents and has good values.**

**Sometimes information sent out to parents in emails differs from a previous correspondent and causes confusion for parents i.e had two emails last year with different times to attend an event or the school trip stated they could have a school packed lunch yet another email said they must bring a packed lunch.**

**I couldn't be happier with the school and the progress my daughter has made. Mr Barnard is a fabulous head and all of the teachers are brilliant and really care about all of the children. The learning opportunities they offer the kids are really good and varied and my daughter has loved the enrichment days.**

**All our children have made good progress in this school**

### **Any other comments about our school:**

**As much as we appreciate being involved with our children's education, During the last two terms there has been too many 'extra' activities for the parents to attend during the school day. Working parents are finding these difficult to attend and it's hard to manage disappointed children's expectations when you can't come. There has also been an increased amount of activity costs for parents and many more school diary entries to manage. This is a fab school and I'm very pleased with it, but please consider spacing the scheduling of activities throughout the year.**

**A fantastic place for my children to start their education. Wonderful staff who really know and care about the children. Children make great progress and are happy to come to school.**

### **Excellent school**

**As a new boy, joining in a well established class, my son was warmly welcomed. It's a great school, with good teachers who take time to know their pupils.**

**I think the enrichment days has given both our children a chance to try something new in a supportive and safe environment. They have both tried things that they would not have accessed outside of school. It has also been a great chance to get involved in the school as a parent who can't make a regular commitment. We remain massive fans of Art Week too! The quality of all the children's work is amazing!!**

**My daughter had really thrived and thoroughly enjoys going to school. She has really developed a love of learning and that is thanks to the hard work and dedication of the staff. There is a huge range of activities, fun days and extra curricular activities and they always seem well planned and managed. My husband and I are both really happy with the school.**

**My son enjoys going to school, all the teachers are friendly and really helpful. Mr Barnard is such a great head master. Knows all the children's names and the parents. Couldn't ask for a better so for my son**
